

PUBLIC NOTICE OHR000005  
Statewide NPDES Industrial Storm Water General Permit Renewal

On the basis of staff review and application of standards and regulations, on November 1, 2010, the Director of the Environmental Protection Agency will issue a draft general permit for the statewide regulation of storm water associated with industrial activities. The draft permit will be issued as a final action unless the Director revises the draft after consideration of the record of a public hearing or written comments, or upon disapproval by the Administrator of the U.S. Environmental Protection Agency. Any person may submit comments on the draft permit and administrative record.

The NPDES General Permit for Storm Water Discharges Associated with Industrial Activity (Permit No. OHR000005) is the fifth generation of this general permit. This permit would afford coverage to a majority of facilities requiring NPDES permit coverage to discharge throughout the State of Ohio. The permit identifies who can be covered, how an entity obtains coverage, and how a permittee terminates coverage. The permit contains requirements for permittees to develop and implement a Storm Water Pollution Prevention Plan (SWP3) to minimize or eliminate the potential for contamination of storm water by industrial activities. The permit includes reporting requirements for all facilities and also contains analytical monitoring requirements for most facilities covered.

The public notice, associated fact sheet and general permit may be viewed over the internet at <http://epa.ohio.gov/dsw/storm/index.aspx>. Copies are also available for inspection at the Ohio Environmental Protection Agency-Central Office, Division of Surface Water, 50 West Town Street, Suite 700, Columbus, Ohio between the hours of 8:00 A.M. and 5:00 P.M., Monday through Friday. Copies may also be obtained by contacting Michael Joseph at 614-752-0782 or via email at [michael.joseph@epa.state.oh.us](mailto:michael.joseph@epa.state.oh.us).

The processing of this general permit and associated Notices of Intent for coverage is and will be done, respectively, in accordance with Ohio's antidegradation rule, Ohio Administrative Code (OAC) 3745-1-05, and NPDES general permit rules, OAC 3745-38.

An Ohio EPA public hearing to accept comments on the draft general permit has been scheduled for 2:30 p.m. on December 16, 2010 at Ohio EPA Central Office, Conference Room A, 50 West Town Street, Columbus, Ohio 43216. The public hearing will end when everyone in attendance has had an opportunity to provide comments related to the draft general permit. In lieu of attending the public hearing, written comments may be submitted as outlined in the following paragraph.

Interested persons are invited to submit written comments on this general permit. Comments should be submitted in person or by mail no later than December 23, 2010. Comments received after this date may not be considered as part of the official record of this hearing. Deliver or mail all comments to:

Ohio Environmental Protection Agency  
Division of Surface Water - Permits Processing Unit  
50 West Town Street, Suite 700  
P.O. Box 1049  
Columbus, Ohio 43216-1049

The OEPA permit number should appear next to the above address on the envelope and on each page of any submitted comments.
